

CHICHESTERCAMERACLUB

## Getting Started with flickr

Chichester Camera Club has a flickr account restricted to its members, for all to show images within the club online

**flickr** is

- a photo album
- designed for photographers of any level
- free to use
- a way for people to share images with others from full public access to very restricted access (e.g. selected friends, family etc...)
- easy to use

This brief document is a simple guide to setting up a personal flickr account and accessing the Club's group.

This guide takes you through:

- Account Creation
- Information Management (i.e. privacy)
- Image Uploading
- Image Management
- Header Personalisation
- Joining CCC (club's flickr group)

# Account Creation

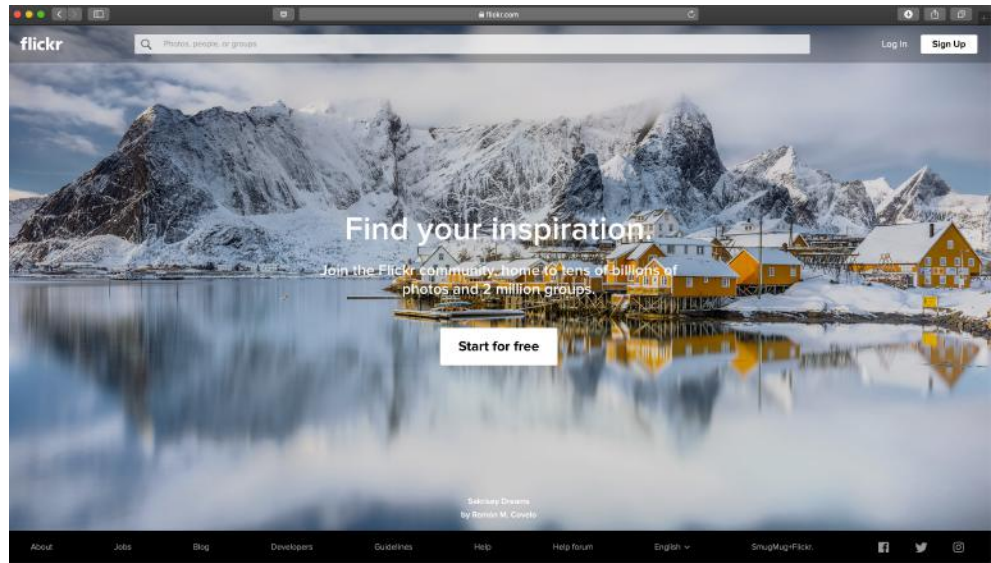

flickr.com

or

Phone / ipad app

main page   
(image may vary)

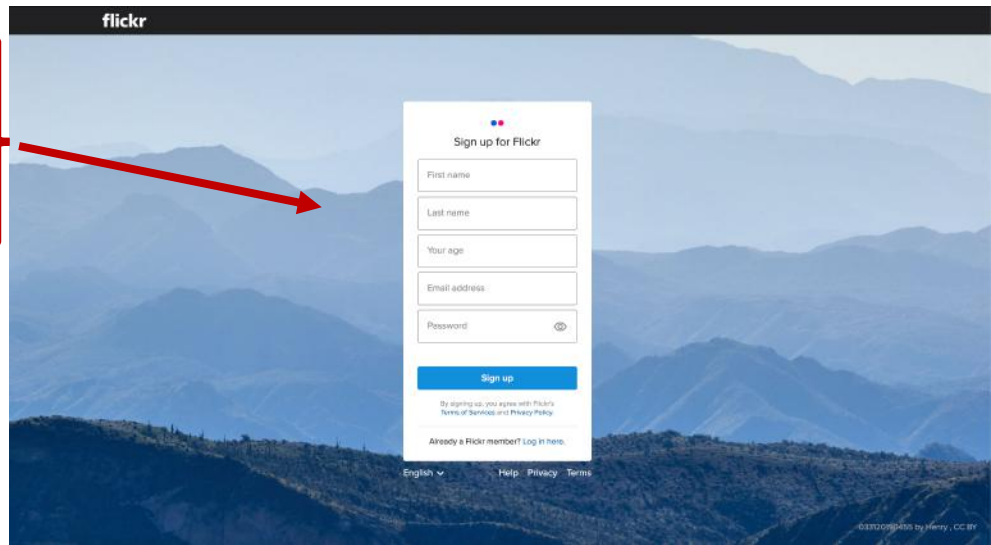

## Creating an account

- First name
- Last name
- Age
- Email
- Password

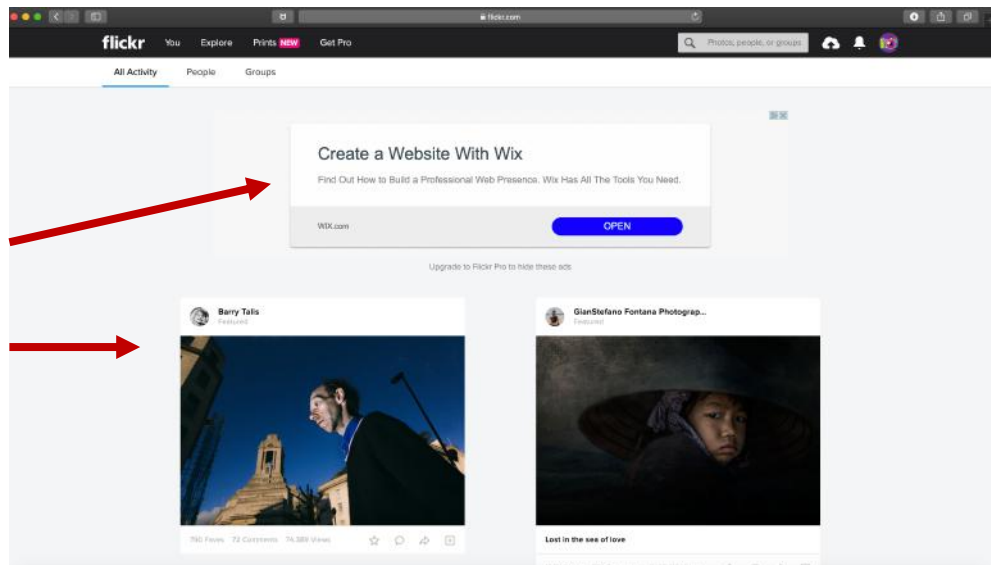

= click link sent to email address to activate

[Note: you don't have to be honest about your name and age (age is to vet access to age-restricted images)]

## Newly activated account

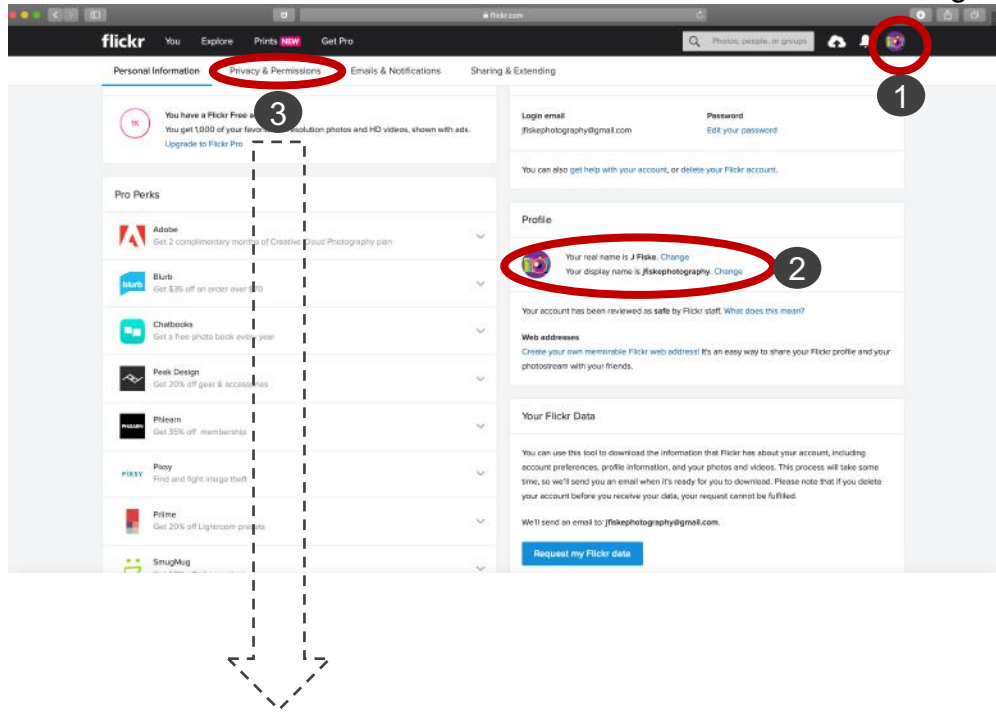

- Advertising (ignore)
- flickr posts images it thinks might be of interest / relevant to you (ignore)

# Information Management

Click this icon, then "settings"

- 1 Click this icon, then "settings"
- 2 Change display name (this will be your public name)
- 3 Click "Privacy & Permissions" to manage public access to your info and images

Edit each setting to your personal preference

[Note: after clicking 'ok' for each edit, flickr annoyingly sends you back to the settings page (above) so you need to click privacy & permissions each time]

## Global settings

Who can download your images (including originals)?	Anyone	<a href="#">edit</a>
Largest shared image size	Best display size	<a href="#">edit</a>
Allow others to share your stuff	Yes	<a href="#">edit</a>
